About the conference

Our aim is to provide a weekend of fellowship and fun, catching up with old friends and making new ones. There will be good Bible teaching and a chance to hear from some of our mission partners, as well as plenty of time to socialise. Children, including teenagers, get their own dedicated programmes.

The conference is **for all members of the dental team** and their families. It is normally attended by approximately 100 people of all ages, including students and retired dentists.

Hothorpe Hall, Theddingworth, LE17 6QX

is a Georgian Manor house nestling in the serene and gentle Hothorpe Hills, 10 minutes' drive from the M1/M6 motorways, and 5 miles from Market Harborough railway station.

There is plenty to do on site – football, tennis, basketball, volleyball and a children's adventure trail. With 12 acres of beautiful grounds and woodland to explore, the venue is ideal for all. See www.hothorpe.co.uk for directions and more details.

Please send booking form to address below or book on-line at www.cdf-uk.org (events/annual conference)

If paying by bank transfer please give your name and indicate the conference fee and bursary fund split.

You can book your conference place via the CDF website www.cdf-uk.org - Go to Events/ Annual Conference and follow instructions for booking.

Guest Speaker - Geoff Felton

Geoff lives in Colchester and has led Plume Avenue Church for the last seven years. He is married to Sarah, our CDF Administrator; they have three boys aged 17, 15 and 12.

Geoff trained as a geologist and fulfilled a boyhood dream working on the oil rigs in the North Sea. He then went on to study full-time at London Bible College. How he got from Oil to Jesus (him and Justin Welby.....) is something you may wish to ask Geoff at conference.

In his spare time, Geoff is passionate about photography, Tranmere Rovers and seeing people growing in their faith.

Geoff has good teeth, but wishes he'd brushed a bit more as a child!

Clinical Speaker – Phillip Tomson

Phil Tomson graduated from the University of Birmingham in 2000, returning there after a spell in general dental practice. He is now a Senior Clinical Lecturer and Honorary Consultant in Restorative Dentistry. His PhD is on pulp biology with research focused on regeneration of the dentine-pulp complex. Phil is heavily involved in postgraduate and undergraduate teaching programmes and is academic lead for conservative dentistry and endodontology at the Birmingham School of Dentistry. He has a keen interest in exploring the use of new technologies in clinical teaching.

Phil is married to Mary who is a consultant in Dental Public Health (riveting dinner time chat!) and they have a little girl, Cara, who is 2 years old. When time allows, Phil is a keen cook, cyclist and retired golfer.

Conference Bursary Fund

CDF subsidises families, students and mission partners so that all who wish to attend can do so. The Conference Bursary Fund is essential to keeping our family conference sustainable.

If you are blessed and can afford more than your conference fee, please consider making a donation to the Bursary Fund

We'd love you to come!

If you need financial help to attend the conference, please apply to Frances Vose, in confidence. The Bursary Fund is available for anyone who needs it, including families.
