

Speakers

Geoff Felton lives in Colchester and has led Plume Avenue Church for the last seven years. He is married to Sarah, our CDF Administrator & they have three boys aged 17, 15 and 12. Geoff trained as a geologist and fulfilled a boyhood dream working on the oil rigs in the North Sea. He then went on to study full time at London Bible College. How he got from Oil to Jesus (him and Justin Welby....) is something you may wish to ask Geoff at conference.

Phillip Tomson graduated from the University of Birmingham in 2000, returning there after a spell in general dental practice. He is now a Senior Clinical Lecturer and Honorary Consultant in Restorative Dentistry. His PhD is on pulp biology with research focused on regeneration of the dentine-pulp complex. Phil is heavily involved in postgraduate and undergraduate teaching programmes and is academic lead for conservative dentistry and endodontology at the Birmingham School of Dentistry.

Youth Workers

Kirstie Hall has worked with Children and young people for the last 14 years. She currently works for Emmanuel Methodist Church in Barnsley, where she manages a team of community workers who work in the local area.

Jack Dutton has worked for The Exodus Project since 2010. The Exodus Project is a small local children's charity which works with children and young people around Barnsley. Jack also works for Emmanuel Methodist Church where he is part of the Ignite team, which delivers Mental Health focused sessions in local primary and secondary schools.

Latasha Snowdon works for the Exodus Project delivering groups for children and young people across Barnsley. Tash, as she likes to be known, has a lot of experience with working with children and young people.

Thank you for attending this CDF Conference.

We would appreciate your feedback from the weekend. There is a general evaluation form for the whole weekend and a specific one if you attended the Clinical Session.

Please complete the evaluation forms over the weekend and leave at the CDF conference table or with Frances Vose.

All feedback forms are read and used in the planning of future conferences. This is your conference so have your say!
