CHRISTIAN DENTAL FELLOWSHIP

*Here at the Christian Dental Fellowship, we seek to help and support any colleagues in the dental profession who wish to talk about the issues and challenges they are facing in their personal and professional life, with friendship and signposting to professional services and groups where we can.*

*Our Pastoral Care Team of dental professionals is happy to hear from you, encourage you, signpost where appropriate, and pray when requested with you or for you.*

*We are not a counselling or professional listening service but all team members have received training.*

*We also have a Prayer Team who are very happy to pray for specific prayer needs requested.*

*If you would like to get in contact with the Pastoral Care or Prayer Team at the Christian Dental Fellowship, please contact us [here](#), at CDF-UK.ORG or [christiandentalfellowship@gmail.com](mailto:christiandentalfellowship@gmail.com)*

*All contacts and conversations are treated confidentially.*
